

# Exhibit E

**Claim Chart for U.S. Patent No. 10,792,380**

PhoneSoap Go directly infringes claim 1 of U.S. Patent No. 10,792,380 ("the '380 Patent), and its dependent claims, under 35 U.S.C. § 271(a) as shown in this claim chart, literally and/or under the doctrine of equivalents.

U.S. Patent No. 10,792,380	PhoneSoap Go <sup>1</sup>
<p>1. An apparatus for sanitizing an object, the apparatus comprising:</p> <p>a housing comprising one or more sidewalls, the housing defining an interior configured to receive the object;</p>	<p>PhoneSoap Go is an apparatus for sanitizing an object.</p>  <p><b>PhoneSoap Go</b> Mobile Battery-Powered UV Sanitizer   PhoneSoap Go Power Bank</p> <p>Object</p> <p>Housing comprising one or more sidewalls</p> <p>Interior defined by the housing and configured to receive an object</p> <p>Sidewall</p> <p>Sidewall</p>

<sup>1</sup> Photographs in this claim chart are taken from <https://www.phonesoap.com/products/phonesoap-go>.

a posterior wall disposed at a posterior end of the housing, the posterior wall extending inwardly from the one or more sidewalls;

Sidewall

Posterior wall  
extending inwardly  
from the one or more  
sidewalls

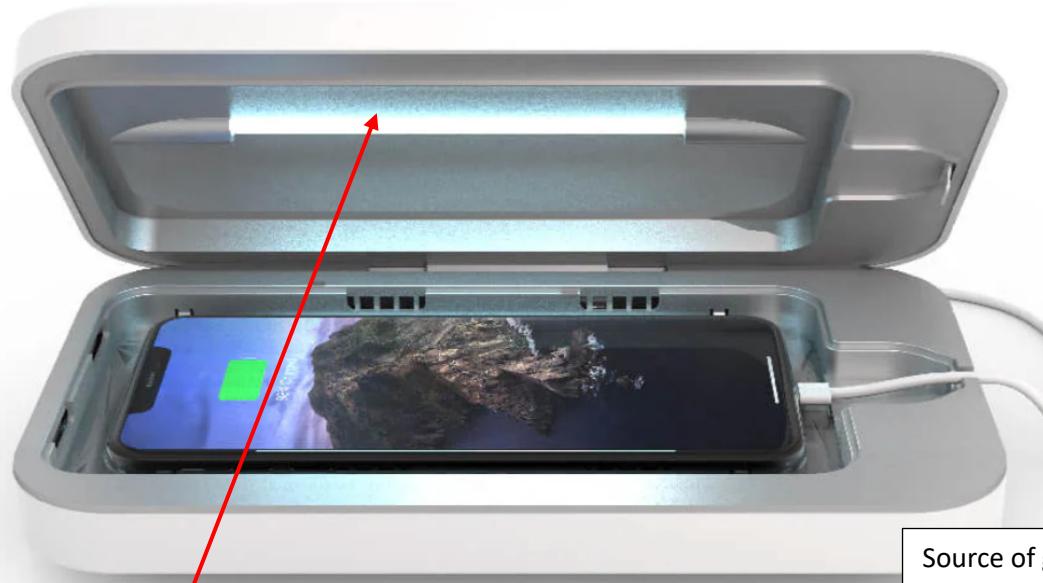

Posterior end  
of the housing

Sidewall

a dome disposed at an anterior end of the housing, the dome at least partially defining an anterior opening for access to the interior; and

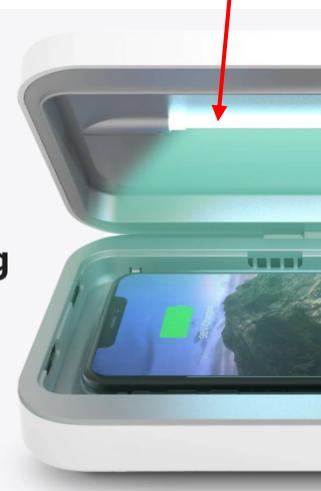

one or more sources of germicidal light disposed under the dome.

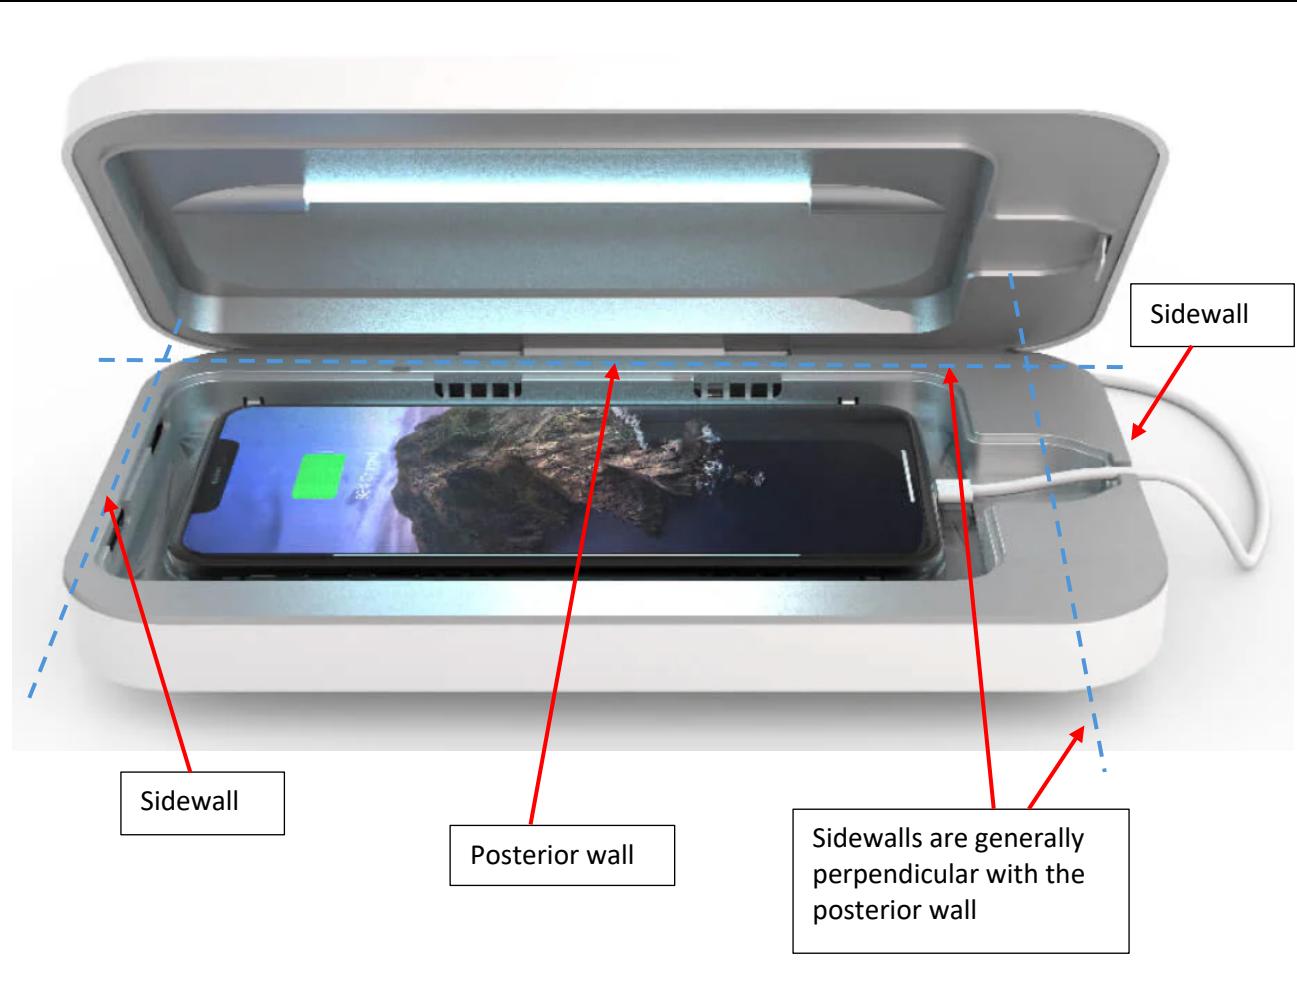

Source of germicidal  
light disposed under  
the dome

Source of germicidal light  
disposed under the dome

UV-C light kills 99.99% of germs using UV-C light\*

5. The apparatus of claim 1, wherein the one or more sidewalls are generally perpendicular with the posterior wall.

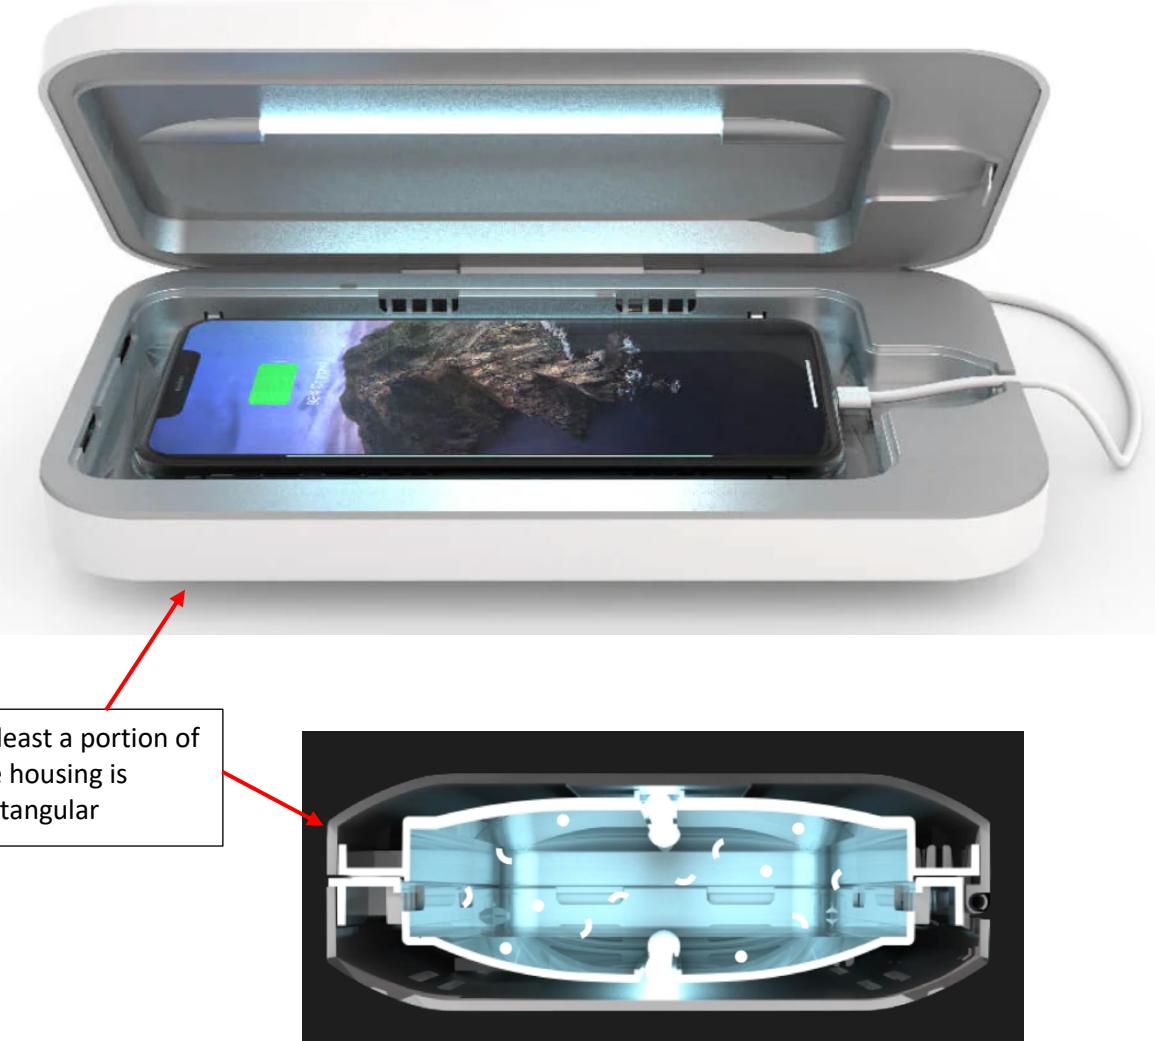

6. The apparatus of claim 1, wherein said germicidal light comprises germicidal ultraviolet (UV) light.

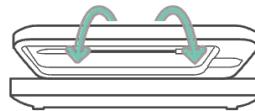

Germicidal light  
comprises germicidal  
ultraviolet (UV) light

10. The apparatus of claim 1, wherein at least a portion of the housing is rectangular.

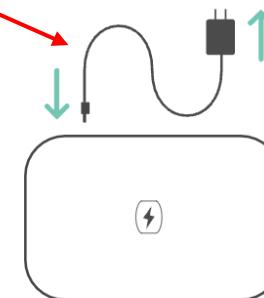

12. The apparatus of claim 1, further comprising:  
a user-actuatable switch configured to selectively couple the one or more sources of germicidal light to a power supply.

Close lid to begin disinfection. Do not force shut.

Power supply (power cord or battery)

Charges with a built-in rechargeable battery.

Plug PhoneSoap Go into power with provided cord.

Source of germicidal light selectively coupled to power supply

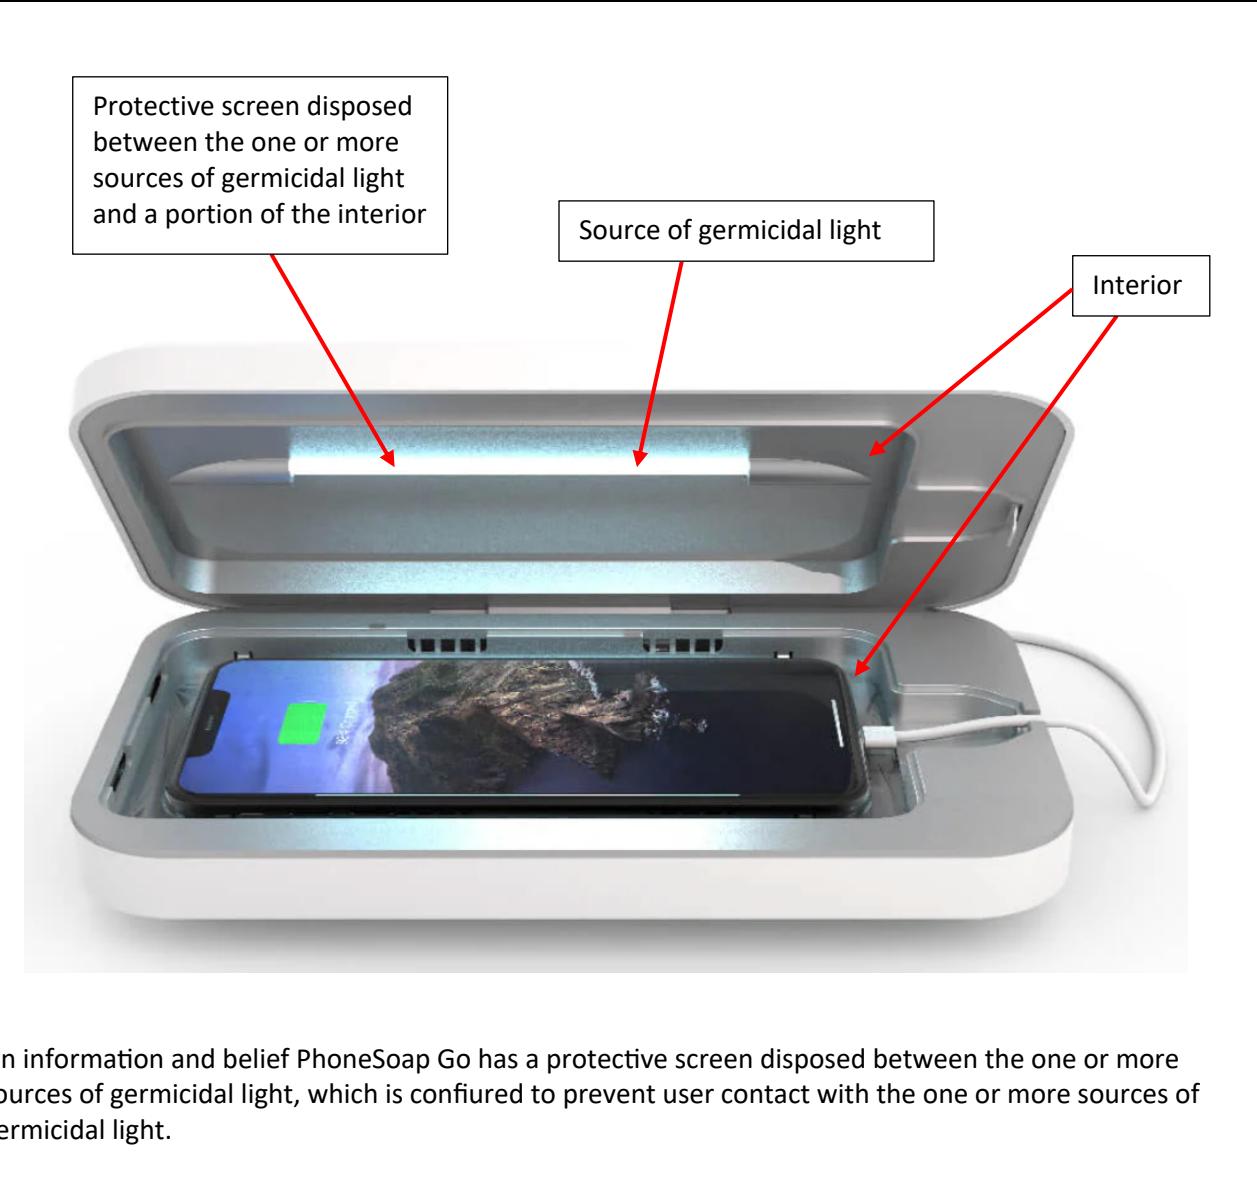

Kills 99.99% of germs using UV-C light\*

A user actuable switch (closing the lid) is configured to selectively couple the one or more sources of germicidal light to a power supply (begin disinfection).

14. The apparatus of claim 1, further comprising a protective screen disposed between the one or more sources of germicidal light and a portion of the interior, the screen configured to prevent user contact with the one or more sources of germicidal light.

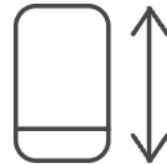

15. The apparatus of claim 14, wherein the protective screen comprises a material that is transparent or translucent to the germicidal light.

Protective screen  
comprises a material that is  
transparent or translucent  
to the germicidal light

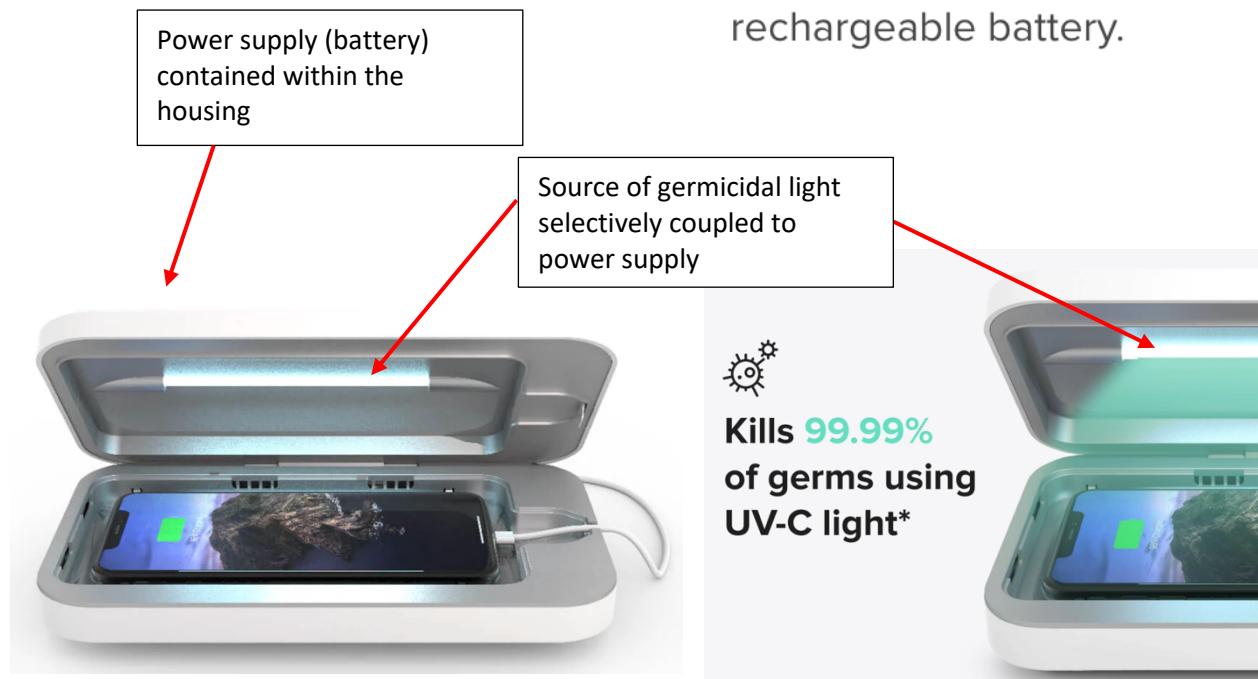

On information and belief PhoneSoap Go has a protective screen that comprises a material that is transparent or translucent to the germicidal light.

17. The apparatus of claim 1, further comprising a power supply, contained within the housing, and configured to be selectively coupled to the one or more sources of germicidal light.

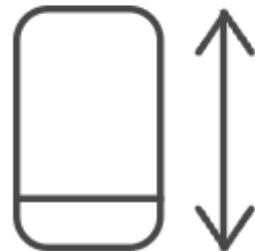

Charges with a built-in rechargeable battery.

A user actuable switch (closing the lid) is configured to selectively couple the one or more sources of germicidal light to a power supply (begin disinfection).

18. The apparatus of claim 17, wherein the power supply comprises one or more batteries.

The power supply comprises one or more batteries.

Charges with a built-in rechargeable battery.

20. The apparatus of claim 1, wherein the dome comprises a linear cross-section portion.

The dome comprises a linear cross-section portion
